

## BE AN ARCHAEOLOGIST: ARCHAEOLOGY IN YOUR HOME

After watching Woolly and Wee Woolly talk about Archaeology in the garden, now you can try “digging” around your home and see if you can find things that tell a story!

With a grown-up’s help, look around your house and see if you can find something that you have never really looked at before.

Can you find something you use every day? What story do you think that would tell if an archaeologist found it in a midden?

Go look at a bowl or plate in your kitchen. With a grown-up’s help, really look at that bowl or plate. Do you know how old it is? What shape is it? Do you see any colors? What do you mostly use it for? Do you think archaeologists would find it interesting?
