

## ***Museum Detectives***

**Friends, do you enjoy hunting for treasure? Finding a coin or maybe a 4 leaf clover when you did not expect it? Easter egg hunts? Scavenger hunts? What fun! Treasures can be found anywhere, we just have to look around .**

**A great place to find treasures is in a museum. There are all kinds of museums- art, history, toys, railroads, glass - the list is endless. Once you are in the museum - YOU can become the detective. Look around and find information about items YOU like.**

**Once you find your favorites, you could make item cards so you never forget about what you liked best. In a way, you are creating your own personal museum.**
